DEATH.

At 23, Queen's Road, Shanghai, on the 17th August, 1891, George L. Green, a native of Boston, Mass., U.S.A., aged 47 years.

The Daily Press.

Hongkong, August 17th, 1891.

The Merchant Shipping Consolidation Bill comes on for second reading in the Legislative Council this afternoon. Following the usual custom in regard to measures affecting the trade of the port, the Bill will probably be referred to the Chamber of Commerce for any remarks that body may have to offer, and if the members are really in earnest in their desire for the establishment of a Harbour and Lighthouse Board now is the time for them to formulate their

demands. The full title of the Bill is "An Ordinance to consolidate and amend the laws relating to merchant shipping, the duties of the Harbour Master, the control and management of the waters of the Colony, and the regulation of vessels navigating the same." The House has granted the rank of a widow of Knight Bachelor's wife to Mrs. Maria, widow of a much respected Sinhalese, the late Mr. C. H. de Soysa. The Colombo Gazette says that Lady Soysa is the first member of the Sinhalese race honored with a knighthood.

The House announces that gold mines have been discovered in the Ching-hoai district of Kwangtung, and aids.—Advertisers looked to them in great numbers and did not hope to find any grave and realistic hope of finding the mines. The villagers petitioned the magistrate to prohibit mining in the locality or to give a definite order.

The control and management of the waters of the Colony ought, we contend, to be entrusted to a representative body, as also the management of the fund derived from light dues. The latter point is especially important, and whether the question of the establishment of a Board be specifically raised or not it is to be hoped that the opportunity of having the agreement with regard to Gap Rock light dues clearly set out in the Ordinance will not be lost. It is provided by Section 33 that vessels entering the waters of the Colony and to pay such light dues as may from time to time be fixed by order of the Governor-in-Council, provided that until such order is made, reduced, or varied the order given in the schedule shall apply. The order referred to fixes the dues at two and a half cents per ton.

The Ordnance is to be passed by the end of the year, and the date of the reduction of the dues is to be fixed by the end of the year. The amount when the Gap Rock lighthouse was first built is to be paid for, although this was the distinct understanding when the original light was first built in 1862.
